Discover New Music from FM Radio

- Record music automatically from your favorite FM stations
- Pause, rewind and fast forward through live broadcasts
- Songs are separated automatically by the software
- Playback recordings on your PC, iPod or MP3 player
- Automatically tags song track details (Artist, Title, etc) via Internet database

The screenshot shows the Saptune software interface. At the top, the "saptune inc" logo is visible. Below it, a virtual radio station interface displays "105.3" on a digital display. The interface includes a list of songs and a detailed view of the current track, "Ride a White Horse" by Goldfrapp. The track details include the artist, title, release date (2006-03-07), special features (CD-single, Import), label (Mute UK Indie), ASIN (B000E5L8C0), and album tracks (1. ride a white horse (album version), 2. Slide In (Dfa Remix Edit)). The interface also shows a "Buy" button and a "BEST BETS" section with other song recommendations.

16	Motorcycle	As the Rush Comes
17	Aquasky	Girls and Boys
18	Hi-Tack	Say say say
19	Bjork	Who is it? (Vitalic remix)
20	Stunt	Raindrops (Radio Edit)
21	Goldfrapp	Ooh La La
22	Global Deejays	Sound Of San Francisco (Clubhou
